
WOOD CARE BALM

The beeswax and carnauba wood maintenance balm is a handcrafted care product designed to nourish, protect, and extend the life of your cutting boards, utensils, and wooden objects. Its formula combines high-quality waxes and food-grade paraffin oil, providing effective and safe protection for wood maintenance. Safe for food contact, it can be used in the kitchen.

MANUFACTURING LOCATION

Haute-Savoie, France.

PACKAGING

Recyclable aluminum tin (125 g).

MANUFACTURING PROCESS

Each Inventaire product is handcrafted manually in France.

COMPOSITION

Contains food-grade paraffin oil, beeswax, carnauba wax, and organic lemon essential oil.

USE

Wood maintenance.

INSTRUCTIONS

1. Clean and dry your board or utensil.
2. Soften the balm using the provided applicator felt.
3. Apply to the surface and let it absorb for 15 minutes.
4. Buff with a soft cloth for a perfect finish.

IMPORTANT NOTE

Food-safe and non-toxic.
