

## FURNITURE PLATES FOR HANDLES

Furniture plates are made of hammered iron and accompany handles, knobs, or pull rings. In every region and village, artisans drew on a repertoire of universal symbols to create a wide variety of forms. Both decorative and symbolic, these motifs reflect people's attachment to their home and the intimacy of domestic space. Recorded across Europe, from Quercy to the Engadine, these pieces are found on interior doors as well as on furniture elements such as wardrobes and cupboards.

### DIMENSIONS

Drilled holes  $\varnothing$  30 mm,  $\varnothing$  40 mm / Thickness: 1.5 mm

### MANUFACTURING LOCATION

Normandy region, France.

### MANUFACTURING PROCESS

Each Inventaire product is the result of French, manual, and artisanal craftsmanship.

### MATERIAL AND TECHNIQUE

Wrought iron hand-forged and hammered. This is a "living" material whose appearance may change over time when exposed to hands, air, water, or other elements. These natural changes contribute to the unique character and aesthetic of each piece.

### UTILISATION

Plate for furniture handle.

### FINISHING

While hot, the craftsman applies a wax used for the protection and finishing of metal surfaces. It is possible that the products feel slightly sticky upon receipt. This effect will quickly disappear when exposed to ambient air. If you wish to maintain the protection of your Inventaire wrought iron door handles over time, you can apply a natural wax yourself. If you want to enhance the product's shine, you can polish it using a soft brush or a suitable cloth.

### INSTALLATION

Nails are provided for installing your plates.

### IMPORTANT NOTE

Please check the compatibility of the plates with your setup before placing an order. The dimensions of the objects may vary slightly from one piece to another within a tolerance defined by Inventaire. These variations are the result of handcrafting, which introduces unique nuances at each stage of production. They do not affect the functionality of the products and contribute to the unique character of each piece.
